INSTITUTIONAL HIGHLIGHTS

CBS NEWS 60 Minutes: Speaking to gorillas in the Impenetrable Forest

A team from UC Davis and their Ugandan partners search for “pathogen X,” hoping to find the next deadly virus before it finds us. One of the most closely monitored species is the endangered mountain gorilla.

LOS ANGELES TIMES Beverly Hills billionaires give UC Davis \$50 million to build agricultural research hub

UC Davis is set to build a center focused on agricultural innovation and research after Lynda and Stewart Resnick gave the university \$50 million, the largest donation it has received from individual donors.

WebMD Stem cell treatment helps babies with spina bifida

A new stem cell treatment appears to be effective at reversing paralysis caused by spina bifida in newborns. In a clinical trial underway at UC Davis Health, three fetuses have received the unique treatment while still in the womb.
